PROVISIONAL ELECTION

COMMISSIONER FOR PATENTS  
ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the Election of Species Requirement stated in the Official Action dated June 18, 2004, Applicants provisionally elect the species I corresponding to the embodiment of Figures 5-8, and identify Claims 1 and 2 as readable on the elected species.

Applicants respectfully traverse the outstanding election requirement for the following reason.

MPEP §803 states the following:

If the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to distinct or independent inventions.

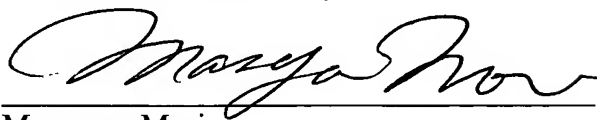

The claims of the present application would appear to be part of an overlapping search area. Applicants therefore respectfully submit that there is no undue burden on the Examiner to search all the claims under MPEP §803, and traverses the Election of Species Requirement on the grounds that a search and examination of the entire application would not place a *serious* burden on the Examiner.

Application No. 10/733,241  
Reply to Office Action of June 18, 2004  
Provisional Election

Accordingly, it is respectfully requested that the requirement to elect a single disclosed species be withdrawn, and that a full examination on the merits of each of Claims 1-10 be conducted.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
